

Salvation Army Service Center Comes to Aid of Family of Nine

The outlook for Christmas has been made a little brighter for a local family of nine through efforts of the Salvation Army Social Service Center which serves this area.

Brig. Ranson D. Gifford, manager of the center, reported that the family was found in desperate circumstances living in a mere shack at the rear of a lot.

Children were sleeping on old clothing spread on the floor, and the food supply was running low. The father recently had suffered several broken ribs which incapacitated him for work. It will be several weeks before he can return to his job.

Food Delivered
Food supplies were delivered less than two hours after the social worker called at the home. The family was provided with beds, springs, mattresses, and bedding before nightfall.

This family will be remembered again at Christmas along with hundreds of others by the Salvation Army, Brig. Gifford said.

He pointed out, however, that the Salvation Army urgently needs donations of castoff but still usable articles to continue its social program.

Articles needed include clothing of all kinds, especially children's clothing; shoes, bedding, foodstuffs, furniture, dishes, stoves, radios, appliances, bric-a-brac, rugs, rags, and miscellaneous items.

The discarded articles are reconditioned in workshops of the social service center, providing an occupational therapy program for homeless and handicapped men.

The Salvation Army leader urged local residents to telephone FAirfax 8-1635 to bring a Red Shield truck to collect castoff articles.

LIMITED FARMING
Less than one-sixth of Scotland is suitable for agriculture.

OUT ON LIMB

Blackwell, Okla.—Thomas Dewey, 54-year-old pilot of Perryton, was flying his plane at 5000 feet when motor trouble developed. He tried to land the plane on a country road but a wing hit a mailbox and dumped the plane on top of a hedge fence. The hedge acted as a cushion

PANK SYSTEM

The Federal Reserve banking system was inaugurated in 1914 and the plane never hit the ground. A farmer climbed the hedge and pulled Dewey uninjured from the cockpit.

3 BIG REASONS ... why Safeway Steaks and Roasts are ALWAYS Tender!

BUY AND USE CHRISTMAS SEALS

1 FROM LUSH GRASSLANDS AND MESAS TO SCIENTIFIC FEEDLOT HANDLING
The fine Western cattle yielding U.S.D.A. CHOICE BEEF reach the peak standards insisted upon by Safeway experts only after highly trained Nutritionists in California Feedlots have supervised their diets. Balanced rations containing scientifically determined amounts of rich proteins, vitamins, minerals and carbohydrates create meat and fat of the unexcelled palatability so familiar to every Safeway Store meat patron.

2 IT TAKES U.S.D.A. CHOICE GRADE AND SAFEWAY AGING FOR FINEST OF MEATS
The finest eating meat money can buy! Safeway sells only U.S.D.A. CHOICE GRADE in beef and lamb cuts. Furthermore, because Safeway completely operates the largest, finest Meat Aging Plant in the West, these quality meats age under precise conditions of temperature and humidity the full time Nature requires to develop unparalleled uniformity in tender, juicy roasts, steaks, and chops. Thus, each Safeway Store stocks meats of identical quality from the Aging Plant.

3 MONEY IS SAVED WHEN MEATS ARE FULLY TRIMMED BEFORE WEIGHING
Safeway trim goes further than removing untidy-looking fat. All the excess fat, inedible meat, and bones not properly belonging to the cut are removed. In terms of money, Safeway customers get more good-eating meat in every pound purchased. This policy applies not only to U.S.D.A. CHOICE beef and lamb, but all other meats, and conforms to a uniform company policy in effect at every Safeway Store.
